\* Custom Tubing is also available by the foot, call for pricing

## VERTICAL POLE STORAGE CAR

This mast fitting is a simple solution to vertical pole storage problems. The VPC-125 retains the upper end of the stowed pole on the mast centerline. The chock slides on the track and eliminates rattle, vibration and binding of the pole end. All four cars fit 1-1/4" T-Track. Available in four sizes; this mast fitting can be rigged with our FC-125 and T-125 mast cars.

Part No.	Model No.
335100	VPC-125-250
335101	VPC-125-300
335102	VPC-125-350
335103	VPC-125-400

## ADAPTING COLLARS

For sleeving Forespar® spinnaker pole end-fittings for use on larger diameter tubing, and other applications.

Part No.	Model No.	Adapts:
304049	AC-2 "ULTRA"	2.00" to 2.50"
304048	AC-3 "ULTRA"	3.00" to 3.50"
304085	"ULTRA"	3.00" to 4.00"
304086	"ULTRA"	3.00" to 4.50"

## DECK CHOCKS

Our deck chocks stow our spinnaker poles or whisker poles on the deck. We strongly recommend poles be stored on deck for heavy weather. The "Ultra" deck chocks will accept all Forespar® pole fittings. Designed and made from Marelon for rugged use and use a "snag-proof" low profile design.

Part No.	Model No.	Description
300002	DC-2 "Ultra"	(For UXP, UTR, GP & UGPS end fittings)
300013	DC-TS "Ultra"	(For TS & UTS end fittings)
300028	DC-TS-S	(Stainless steel, for UTS & TS ends)
300029	DC-2-S	(S. steel, for UXP, UTR, UGPS & GP ends)

## STANCHION MOUNTED POLE CHOCKS

Clear the decks! Now you can stop stumbling over deck mounted poles. These chocks are molded from durable, weather-resistant urethane and mount easily onto 1" stanchions — no drilling necessary. For poles 2" to 3-1/2" in diameter. (Chocks are sold individually — two chocks are needed for each pole.) For spinnaker or whisker poles. Ideal for reaching struts!

Part No.	Model No.	For Pole Dia
300050	SC 200	2"
300042	SC 250	2-1/2"
300043	SC 300	3"
300044	SC 350	3-1/2"

## MAST MOUNTED CHOCKS

(For Vertical Pole Mounting on the Mast)

Molded from durable high tech urethane, these chocks allow for stowing the pole vertically against the face of the mast. Off the deck and out of the way! Two MPC chocks mounted 2-3 feet apart will help stop the pole from rattling.

Part No.	Model No.	Description
300070	MPC 200	2" Mast Pole Chock
300071	MPC 250	2-1/2" Mast Pole Chock
300072	MPC 300	3" Mast Pole Chock
300073	MPC 350	3-1/2" Mast Pole Chock
300074	MPC 400	4" Mast Pole Chock
